GOVERNOR IS PLEASED WITH TRIP TO THE SOUTH

Salt Lake, Oct. 25 .- Governor Willi am Spry returned yesterday from a two weeks jaunt through the extreme southern part of the state, bringing with him glowing accounts of the won-

ders and possibilities of that section.

The governor made the trip primarily to investigate road conditions and to inspect the work done by the state convicts. Also he spent sev-eral days looking into the feasibility of the proposition to build a railroad from Modena to the Grand canyon and the opening of the scenic and tourist attractions. Accompanying the governor were A. W. Miles, former state senator of Montana and president of the "Wylle Way" company, his son, Daniel H. Miles; E. H. Moorman, auditor of the same company; H. H. Hays, local agent; L. S. Maringer of the Salt Lake Sightseeing company; Douglas White, industrial agent for the Salt Lake route; Dr. J. from \$200 to \$2500 each. the party at Cedar City.

The party went from Cedar City by autos to Toquerville and thence by stage to Rockville and Spring valley Thence they went to Little Zion val ley and Zion canyon, a region, the governor says, that is not to be surpassed, to his knowledge, for scenic With a railroad running through that country, Little Zion valley and the canyon of the same name and was 28 years of age. He leaves would become the mecca of tourists independently of the Grand Canyon of the Colorado, which lies just beyond the governor says. The party concluded that a good auto road could be built into that section with but little

'It is the building of auto roads county have everything in the way of main here during the winter, material prosperity that is to be desired, if only an outlet for their products can be secured, and in lieu of a railroad I believe a good auto road could solve the trouble. Already the people are beginning to appreciate the potentialities of the auto truck in solving their transportation problem."

The governor said that in the Kaibab forest reserve there is about 3,000,000,000 feet of merchantable timber the sale of which alone, if arrangements could be made with the government, would more than pay for

BOUGHT THE TRACTION to a rumor current in Caldwell, Mon-Provo, Oct. 25 -A. J. Hughes of day, and said to have originated from the reclamation service, who has been an authoritative source, the Oregon James Magee, general manager clared that in his opinion the report was without foundation.

The Caldwell Traction company operates about 20 miles of electric railway traversing the Deer Flat section with a branch to Lake Lowell, and is owned by the Sebree interests. The road has a strategical position of value and it is said that the recent ests has centered on the ownership

of the local concern. The rumor of the sale is strengthened by the announcement that plats ened by the announcement that plats for a new town would be filed this cated in Ogden and was engaged in ney to call upon the county clerk to week by parties working with the railroad work and farming there un-

IDAHO FALLS TAKES INTEREST IN MATCH

Idaho Falls, Idaho, Oct. 24.-Local sports here are all agog over the utcome of the Yokel-Jordan match in Salt Lake next Monday night, and considerable money is being wagered in the poolrooms because of this city being the headquarters of Yokel when he is "home." His home is on a ranch in the Jackson's Hole country, where he spends his summers, but as that section is practically tributary altogether to this city, he is a frequent and well-known visitor here. Even money is being offered that he will win the match; even money that he will get the first fall in seventy minutes, and even money that the match will not last than ninety minutes.

These terms were posted yester-day, and last night and this morning they were taken both ways, for Jordan also has his admirers in this city.

SHRINERS VISIT POCATELLO Pocatello, Idaho, Oct. 24.—A large party of Mystic Shriners of the El Korah Temple of Boise arrived in Pocatello early this morning to install a Mystic Shrine here. HADDOCK TALKS AT

Tulsa, Okla., Oct. 24.—Lon J. Haddock of Salt Lake City, agent for the Utah Agricultural colege, was the principal speaker at the International Soil Products exposi-

tion this afternoon, and addressed 7000 school children on the develop-7000 school children on the develop-ment of agriculture in this country and the necessity of their interest in the growth of the industry. Mr. Had-dock, who is assistant to Secretary John T. Burnes of the International Farming congress, also spoke in behalf of visiting delegates of states and nations at a luncheon attended by 300 Tulsa business men Tuesday.

CROSS COUNTRY FOR SCHOOL BOYS

Ithaca, New York, Oct. 25.—Cornell has followed the lead of Columbia in scheduling an interscholastic cross country run for November 15, the same day that Columbia will cater to the schoolboys around New York. The Cornell race will be over a course of three miles and the winner will receive a bronze Marathon trophy, the gift of the class of '08.
A silver shield will be given to the school having the most men in the first twenty to finish. Bronze sou-venir medals showing John Paul Jones making his mile record will be given to each starter, and marathon trophy will be held by the winning school for one year and permanent possession will be obtained by the school winning three times

NO DEPRECIATION.

"I have here." said the man, who had stepped into the store, opening a book and carefully extracting from its pages an ancient Treasury note with the portrait of Salmon P. Chase on the face of it. You see, it's it perfect preservation. I've had it for lifty years. What's its value now?" The dealer in curios inspected it Then he looked it up in his catalogue "Well," he said, "you haven't los anything in keeping that note. It's still worth a dollar."—Chicago Trib
